PASSION FOR TECHNOLOGIES

EUROPEAN TALENTS FOR OUR FUTURE

JOIN OUR INTERNATIONAL V.I.E. PROGRAMME

www.akka-technologies.com

WHAT IS A V.I.E.?

Volontariat International en Entreprise Germany VIE is an international corporate program for young professionals. It offers a highly-rewarding professional experience as well as a real springboard for an international career. AKKA Technologies was awarded the “Grand Prix V.I.E. Enterprises” in the mid-sized company category for its involvement in the program. You are generally eligible for the international program, if

- you are an EU national
- you are between 18 and 28 years
- you can commit to an international assignment for six to 24 months

Becoming a VIE means going abroad whilst benefiting from protective public law coverage. VIE are paid an all-inclusive monthly expenses allowance, which varies depending on the assignment country, but regardless of the level of qualification.

For more detailed information please go to the CIVIWEB website <https://www.civiweb.com/FR/le-volontariat-international/definition-du-vie.aspx>

WHAT FORMER V.I.E.S SAY ABOUT US

“As a VIE I had the opportunity to work in a highly professional setting. I would very fondly recommend this program, not only from a career point of view, but also because of the outstanding support received.”

Alicia, Electronic Engineer // Sindelfingen, Germany

...

“As a VIE, I had the opportunity to start my career abroad in the field of engine design and development. The support of the VIE staff and colleagues was really helpful for my whole integration process.”

Joan, Design Engineer // Fellbach, Germany

...

“As a VIE, I worked on technical projects that suit me perfectly. It means taking responsibility, mastering challenges and continuously growing as a part of a diverse and global team.”

Brieux, Calculation Engineer // Sindelfingen, Germany
